Observance of Mothers' Day Next  
Sunday Is Urged.

Chicago, May 4.—"A wide observance of mothers' day next Sunday to be urged by Mrs. Mary W. Warren, at the request of Miss Anna Jarvis, of Philadelphia, the originator of the idea. Mrs. Warren is endeavoring to interest the public in general in the project. "Philadelphia, New York and San Francisco observed the day generally last year," says Mrs. Warren. "and it is hoped that Chicago will take the idea up and make the second Sunday in May mothers' day and a tribute to our mothers. I would like to see a white carnation worn by every man, woman and child on that day."

DISMISSED SUIT  
AT TOO LATE DATE.

Kalamazoo, Mich., May 4.—On the ground that he had not dissolved his suit for divorce until after her husband's death, Judge Knapp in the circuit court here gave possession of the body of Dr. Arthur P. Crafts, formerly of Cleveland, to his brother, William Crafts, and his mother.

The judge dissolved the preliminary injunction obtained by the widow restraining the brother and mother from taking the body to Grass Lake for burial. Dr. Crafts left an estate of \$20,000.

Sexes in New York Seem  
to Prefer Traveling in  
Same Car.

New York, May 4.—The failure of women to use cars reserved for them in the McAdoo tunnel has caused the management to confine the reservation of such cars to one hour in the morning and one hour in the evening. The company announced that it had found that the cars were used by women only during the rush hours and that even then there are more women in the unreserved cars than in the reserved.

The new order also gives permission to men to occupy the cars reserved for women if they desire to do so. The company said that this permission was granted because frequently there would be many vacant seats in the women cars while the men would be standing in the others. The order of the company was taken to indicate that the women did not demand separate coaches.

SPRING MEETING  
OF ENGINEERS.

Washington, May 4.—The spring meeting of the American Society of Mechanical Engineers convened here today and will continue in session until Friday. When Joseph M. Smith, of New York City, formally opened the convention nearly 400 leaders in the profession were present. Various engineering problems are to be dealt with in exhaustive addresses.

EARNED LIVING  
AS DISHWASHER.

Baker City, Ore., May 4.—James Patterson, who for four years has been earning a living in this city as a cook and dishwasher, has been indicted on a charge of having murdered a woman. Patterson had disappeared completely from the sight of his family and only learned of his fortune through the story of his life to a chance acquaintance. This man remembered having seen an advertisement in a New York paper for a man of the name of Patterson.

AWAITED SON

Columbus, May 4.—In the case of Ohio against Robert H. Ford, son of former Governor Seabury Ford, the judgment of the Grauga county court is affirmed by which the defendant escapes punishment for a penitentiary term for concealment and for conspiring with attempt to obstruct justice. Ford was a member of the banking firm of Boughton, Ford and Company of Burton, and eight notes, each for \$100 were placed with him by Mrs. Anna Marsh for collection. After seven had been cancelled, the maker of them came into pay and life the last one, but he was told by Ford, it is alleged, that Mrs. Marsh had the notes. He handed over the money and received from Ford a receipt. It is alleged that Ford then told Mrs. Marsh that the note had not been paid. The bank went into liquidation and examination of the records disclosed the transaction.

FORTY CENTS  
ON THE DOLLAR.

New York, May 4.—Conditional acceptance by the creditors of the Herman Keck Manufacturing company of Cincinnati of an offer by the suspended jeweler to settle his liabilities at 40 cents on the dollar is announced. The acceptance is conditioned upon the payment by Duellme Jewelry company, an affiliated concern, which is in a receiver's hands, of its full obligations to the creditors. An order from the court directing the Duellme company's receiver to make a payment of 50 per cent on account was secured in Cincinnati on Saturday and this payment will be made as soon as the necessary checks can be prepared.

The agreement with the Herman Keck Manufacturing company is that of the remaining 50 per cent of the Duellme company's obligations are paid in full the Keck company's creditors will make a settlement of 40 cents on the dollar, half in cash and the balance secured by deposits of diamonds.

Washington, May 4.—The decision of the supreme court of the United States in the case of the "commodities clause" of the Hepburn rate law was discussed at the cabinet meeting today. President Taft has repeatedly announced that he intends to take up and study the control of corporations during the summer months and that he hopes to be in a position next December to give definite views to congress on the subject. The commodities clause decision undoubtedly will have a distinct bearing upon his consideration and it was said today that Mr. Taft will devote himself largely to the subject of recommending to congress the passage of legislation which will prevent the possibility of an exaction of the clause by the coal railroads.

# TOMORROW IS THE BIG DAY OPENING OF BASEBALL SEASON.

Fans Are Anxious to See  
the Cigarmakers in Ac-  
tion Again

**AGAINST TEAM  
OF THEIR CLASS.**

Booster's Parade Meets  
With Favor Among  
Loyal Supporters.

Tomorrow is the big day, marking as it will the opening of the season for the Ohio State League on local grounds. The fans are all anxious to see the Cigarmakers in action again, and the schedule offers a great attraction with last season's champions, the Lanks, with whom the locals contested for fifteen innings to a draw on the opening day of the season on their home grounds, and the weather preventing another opportunity will be given to measure the merits of the two clubs.

The weather has been a handicap throughout the circuit for the baby league teams, but all are hoping for fair weather Wednesday and if conditions are favorable, Limatown should break all other records in attendance for the opening day.

President Numan, of the Booster's club has been busy engaged in arranging for the event, and has completed all arrangements, with the aid of his legion of supporters.

James Dunnigan, son of Manager Dunnigan, who superintended the decoration of Neil park at Columbus for the opening of the Association season in the capital city, arrived in the city Monday evening and will take charge of the work of decorating San Felice park for the event Wednesday.

A feature of the day will be the grand parade, which will form at the transfer station at 1:30 o'clock, and march south to Spring street, where transportation will be provided for all of those not furnished with vehicles in the parade.

The formation will consist of a squad of police, followed by the Merchant's band.

Mayor Becker and the various branches of the city government will follow in carriages.

The newspaper scouts are next in line.

Lancaster ball team.

Lima ball team.

Colonel Jack Ryan with his company of jungle troops.

"Old Man Grump."

And last but not least, all fans and bugs in carriages, automobiles or any way to get there.

## BUT ONE GAME Played in Ohio State League Monday.

**GAMES TODAY.**

MANFIELD at LANCASTER.  
LIMA at PORTSMOUTH.  
NEWARK at MARION.

**Yesterday's Results.**

Marion, 10; Newark, 4.  
Lancaster vs. Mansfield. Rain.  
Portsmouth vs. Lima. Wet grounds.

**How They Stand.**

Clubs.	Won.	Lost.	Pct.
LIMA	1	0	1.000
Lancaster	1	0	1.000
Marion	2	1	.667
Mansfield	1	1	.500
Portsmouth	1	1	.500
Newark	0	3	.000

Rain and wet grounds caused the games at Lancaster and Portsmouth to be postponed Monday. The Cigarmakers scheduled for a contest at Portsmouth today, and will return home Wednesday for the opening game of the season at San Felice park with the Champs as their opponents.

**Marion's Big Rally.**

Marion, O., May 4.—Seven safe hits in the seventh gave the Diggers seven runs and Marion topped from Newark 10 to 4. Lewis was wild and was replaced by Hancock, who was effective. Reilly's great throwing was a feature. Score:

**Marion** 10 200 70 x—10 12 3  
**Newark** 4 211 000 00—4 4 6

Batteries—Lewis, Hancock and Reilly; Cook and Davidson. Double Play—Wolfe to O'Day to Staley. Left on bases—Marion, 5; Newark, 9. Time—1:57. Umpire—Bierhalter.

## A FIGHTING CHANCE at the Royal A thriller!

# Every Tablespoonful Will Digest 20 Eggs

Or 2 1/2 lbs. of any kind of food that you may eat during any ordinary meal. Kodol will do this, and it is the only preparation that will.

One tablespoonful of Kodol will do you more good than a handful of Peppin tablets or powders claiming to be digestants. The natural digestive juices of the stomach are the acids of the stomach, and what the stomach needs is food, as supplied by Kodol, and can not be conveyed in tablet or powder form.

Kodol digests every particle of food, promotes assimilation and thus tends to make the entire body healthy and strong. Kodol promotes general good health throughout the entire system. It is a mighty good thing for you to know how good Kodol is—whether you ever have dyspepsia or not. And you may have it some day—almost every one does. Then Kodol comes in very handy. And there isn't any reason to remember, when you take a good digestant—Every tablespoonful will digest 2 1/2 pounds of any kind of food.

**Our Guarantee.** Get a dol. Kodol. If you are not benefited by it, we will refund your money. Don't hesitate, any doctor will tell you Kodol is the best. The bottle contains 2 1/2 times as much as the 16 bottle Kodol is prepared in the laboratories of F. C. De Witt & Co. Chicago.

## NO GAME RAIN

Report from Lancaster This Afternoon.

"No game, rain" is the report received from Lancaster at 2 o'clock this afternoon. The Champs and Tigers were scheduled for a contest there this afternoon, and the postponement adds another to the growing list of games that will have to be played off during the season.

## Bad Symptoms.

The woman who has periodical headache, backache, nervousness, dizziness, or nervous fluttering or dancing before her eyes, has a long distance to travel before she can get rid of these symptoms. It is a long and arduous journey, but it is a journey that should be made. It is a journey that should be made. It is a journey that should be made.

## PHYSICIANS

Of Lima Will Attend State Association.

It is probable that the Allen county Medical society will be well represented at the State Medical association, which meets tomorrow in Cincinnati. Dr. D. W. Shinn is the appointed delegate and intends to go with Dr. S. B. Hiler, who has been an attendant. Dr. Shirley McIntyre and Dr. J. H. Huntley are probable. Dr. Johnson, president of the local society, will all attend, while at the fortnightly meeting of the Medical society held tonight it may be learned that others as well will go to Cincinnati for at least a portion of the meeting.

## WEATHER—SHOWERS TONIGHT.

Washington, May 4.—Ohio: Showers tonight or Wednesday with rising temperature.

Editors are saying very little about the proposed income tax, as it will not cost them a farthing if it does pass. Wood pulp on the free list is their present hobby. Should that come to pass an income tax might touch them up some, but until then, never, and Cammings ought to know that.

There are no recruits in the Grand Army of the Republic. Every year the line grows shorter, but those left in life join in Memorial Day parades, and walk with erect bearing and light feet, all determination to march until death overtakes him, and the American people who know the valor and patriotism of the surviving heroes, believe they will.

Unless you have already "watched" yourself, get busy before the Payne-Adrian bill becomes operative. Charles A. Koenig, the New York watch dealer, who is the watch trust's hardest competitor, has been figuring up what more benefit the trust is going to get if the Payne measure becomes a law, than it had under the Wilson democratic bill, and then under the Dingley law which is now in effect. The following are his results:

"Watch movements containing not more than seven jewels: Wilson, 25 per cent; Dingley, 112 per cent; Payne, 175 per cent.

"Watch movements containing more than seven and not more than eleven jewels: Wilson, 25 per cent; Dingley, 67 per cent; Payne, 106 per cent.

"Watch movements containing more than eleven jewels and not more than fifteen jewels: Wilson, 25 per cent; Dingley, 56 per cent; Payne, 142 per cent.

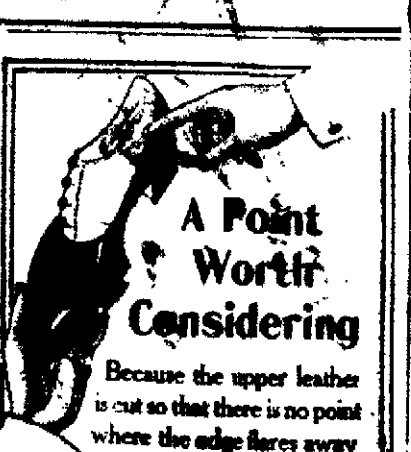

## WE'LL ALL BE SOCKLESS.

An Atlantic City reader of the New York World makes this hit at republican tariff legislation: Permit a free trader to do justice to departed American statesman, Jerry Simpson, of Kansas, ranks as the greatest thinker since Bacon; for with the soul of a freeman and the instinct of a prophet, Jerry anticipated the logic of facts and wore no socks.

## ON SECOND THOUGHT

Judge Phillips Decides Not to Ask for Investigation

## OF THE CHARGES OF MEMBER MURPHY

That He Had Been Influenced in Making Railroad Decision.

Kansas City, Mo., May 4.—Judge John H. Phillips of the United States circuit court of this city whose official conduct together with that of Judge Smith McPherson, of Red Oak, Iowa, and criticized in a resolution introduced in the house yesterday, today decided not to ask for a congressional investigation of the charges.

Judge Phillips had contemplated sending a telegram to Speaker Cannon and ask for the appointment of a congressional investigating committee but on reflection decided that this course would be somewhat irregular.

St. Louis, Mo., May 4.—Judge Smith McPherson issued a statement here today reviewing his work in the Missouri rate cases and defending the course taken by him in those trials. He asserted his willingness to undergo a congressional investigation "if any one member of congress aside from Mr. Murphy thinks there should be such a committee" and added that the Missouri congressman had done Judge Phillips "a great wrong," as the latter, "had practically nothing whatever to do with these Missouri rate cases."

Kansas City, May 4.—Attorney Frank Hagerman, of this city, leading counsel for the railroads in the Missouri rate litigation, today sent a telegram to Attorney General Wickham at Washington saying that Representative Murphy's resolution is an outrage tissue of misrepresentation.

## YOUNG MAN

Died Today from Tuberculosis.

Another young life has fallen under the fatal scourge of tuberculosis, and this morning Francis Marion Ward died at 9 o'clock, after fighting the malady for two years past. Young Ward was the son of Mrs. Daniel Fetter, of Bath township, and until a few weeks ago he has been making his home with his sister, Mrs. Frank Bible, at the rear of 313 west Market street.

He was a teamster by occupation and the fact that this work kept him outdoors so much was probably a great factor in keeping him alive so long. He kept at his work until a few months ago, when he was obliged to give it up, and about a month ago he was taken to his mother's home, where he died.

Besides Mrs. Bible, there are two other sisters and two brothers living in this community. The deceased was born in this city, just twenty years ago, and he will be laid to rest beside his father in Ward cemetery in Bath township. Rev. Poltz will preach the funeral, which will be held Thursday morning at 10 o'clock at Union Chapel.

## LIMA AERIE

F. O. Eagles Will Hold a Special Meeting.

A special meeting has been called by worthy President W. F. Troop, for the Lima Aerie F. O. Eagles, for this evening, for the purpose of considering various business relative to the entertainment of the state convention of the order, which will be held in this city the first week in June. The executive committee has made rapid progress in the work to date, and desires that all members be present this evening to discuss further arrangements.

## CHICAGO LECTURER

Here Friday at the Assembly Room.

Under the auspices of the Progressive Association, Prof. H. L. Folgerman, of the Sheldon School of Chicago, will deliver a lecture at the assembly room in the court house on the subject of "Business Getting and Business Keeping." Prof. Folgerman has an excellent reputation as a lecturer and the subject is one of interest to all business men, who are urged to attend.

## COUNCIL WILL VIEW

Dam and Lagoon of Auglaize at Wapak Thursday of This Week.

JAUNT MAY BE FOLLOWED BY

Active Investigation in Regard to Similar Work on Ottawa.

The fact that the project of damming the Ottawa river in order to make a lagoon through the center of the city meets the approval of council is evidenced by their vote last night to visit the neighboring town of Wapakoueta and view the dam there.

As said not long since, the Auglaize river at that point is changed from a river into a broad beautiful lagoon, dotted with boat houses along its banks, with waters that are always clear and not a gathering place for slime, and filth of various kinds.

The fact that a similar change could be made in the course of the Ottawa river through this city had perhaps not occurred to anyone until recently given publicity by the Times-Democrat.

The fall of the river from its entrance into town to the Shawnee bridge is something like ten feet, more than enough to prevent stagnation or to prevent the accumulation of refuse from the sewage to affect the lagoon in any way.

Owing to the fall, it is thought that one dam at the Shawnee bridge would not be sufficient, but that three dams should be made, in order that the water be backed up, and back for a sufficient distance.

One dam five feet in height at the bridge, with one of perhaps three feet at the Main street bridge, and still another higher up toward North street would make a beautiful body of water where now there is during the summer months only a tiny streamlet, three-fourths of the creek bed bare and dry and covered in many places with river grass and other weeds, and a sight that is not calculated to make the stranger or those passing through the city fall in love with it at first sight.

The expenditure would not be great, there would be no possible danger of floods in case of high rains, and the improvement if made would be one of the best to beautify the city, and at probably a smaller expenditure than for anything else of a similar purpose.

## RESOLUTIONS

Upon Death of Miss Fay Harrod.

Harrod, O., May 2, 1909

Whereas, It has pleased our Heavenly Father to call one of our Sunday school scholars, Miss Fay Harrod, from her earthly associations to her celestial home; and

Resolved, That we the members of the Harrod Christian Sunday school tender the bereaved family our heartfelt sympathy in this hour of affliction.

## GREAT EVENT

Is the Concert of the Dresden Orchestra.

A widespread interest is being manifested in the coming of the Dresden Philharmonic Orchestra (65 members) of Dresden, Germany, to Lima, on Tuesday afternoon, May 11th. This will indeed be the most important musical event in the history of our neighboring city.

The Dresden Orchestra, which is now making a five weeks' tour of America, is meeting with phenomenal success, playing to crowded houses in almost every city. This week they are the feature of the Atlanta, Ga., festival, lasting five days, the expenses of which are over \$20,000, and which has already been more than subscribed for.

The fact that their one performance at Lima is scheduled for afternoon, 2:30, makes it possible for those living at a distance to attend and return before night.

This will be an exceedingly rare treat, and from present indications in the form of orders for seats, a full house is assured. Seat sale opens Saturday, May 11th. Orders sent to W. E. Thompson will be reserved in order of receipt. Send in now.

## Why Medicines Make Constipation Worse.

A Mischievous Tendency Are Making Every Day. The Problem of Permanently Curing Constipation is Solved.

Cerena, a Food Remedy That is Remarkable.

If you could find out if there was a medicine that would actually keep your bowels on the gentle, natural move every 24 hours, you would solve the problem. But drugs can not do it, and even sensible men and women know it.

You can cure the worse case of constipation without drugs. You want your bowels to move themselves, you don't want drugs to do it.

Cathartics are bowel-paralyzers. They run everything out of the bowels, including the natural go easy juice which nature puts in every 24 feet of bowels to keep them moving regularly.

When this juice is gone the bowels simply can't move. Then you make another rush for the pill-box. Nature has given us foods to keep the bowels regular. Few of us, however, use the right combination of foods.

Cerena is a food-remedy combination which is remarkable. Positively remarkable. Cerena is an absolutely reliable cure for constipation, biliousness and other stomach troubles. It is an uttering remedy, yet it contains no drugs or medicine.

Cerena is made of carefully selected cereals, combined with essences of fruits and nutritious vegetables. Altogether it makes a wonderfully effective, permanent cure.

Cerena is a delicious food as well. The whole family will relish it. Save pill-money and save your bowels. Regular bowels will surely make you more cheerful, brighter and healthier.

One package of Cerena will last you a month, or the whole family a week.

Cerena is sold at your grocers at 25c a package.

## TELEPHONE TOLLS

To Various Points Greatly Lessened.

A new ruling went into effect on May 1st over the Bell Central Union telephone lines in this state. The company is seeking to enlarge its toll service, and at the same time benefit its patrons, so for this purpose the new rule makes special rates only to large cities or to places where the service is very heavy. This means that each city has its own special rates to the business centers of the state. Lima's special rate connections are to Cleveland, Columbus, Cincinnati, Toledo, Sandusky and Dayton. These rates are practically almost half what they were before, and the company is confident that the service will be profitable.

The United States Telephone company, which has charge of the long distance service of the independent telephone company here, while they have up to date issued only one order making a change, will in all probability follow this order with other similar ones. The rate to Dayton has been cut fifteen cents, making it now 30 cents. Manager Metheny says that while he has not yet received any other order from headquarters at Cleveland, he very likely will within a short time.

The telephone companies are profiting by the experience of the railroad companies in regard to less rates and more traffic.

## VOTES FOR WOMEN.

The Iowa Suffrage association has addressed a letter to each candidate for the state legislature asking him what action he will take on the woman suffrage question, if elected, and telling him that if he does not reply before a certain day, his silence will be construed as opposition. The suffragists resent the treatment they received at the hands of the legislature this last winter and they propose to let the members know it.

Miss Perle Penfield is making a campaign for woman suffrage in Kentucky under the auspices of the Kentucky Equal Rights association, of which Miss Laura Clay is the president. She is speaking at parlor and public meetings, to labor unions, schools, colleges, etc.

Mrs. Helen Hoy-Greeley, a clever young New York woman, who was admitted to practice before the supreme court of the United States on April 10th, is president of the New York Co-operative Woman Suffrage league.

While the women of the United States are being admonished on every hand not to emulate the example of the English suffragettes, an Ohio editor is suggesting that "What the women should do is to forcibly release every woman prisoner confined in any place, and take forcible possession of every woman's institution. He says, "Taxation, correction, every application of law should be resisted forcibly, and I wish the rebellion would start in Ohio."

The Central Labor Council of Los Angeles, Cal., on April 2nd adopted a set of resolutions strongly endorsing woman suffrage, and recommending all members to sign the woman suffrage petition to congress. On April 8th, the district Council of Carpenters of Philadelphia took similar action, pledging "to assist the Pennsylvania Woman Suffrage association in securing signatures to the national petition to congress to submit to the legislature of the several states for ratification an amendment to the national constitution which shall enable women to vote."

Biliousness and Constipation. For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally. —Mrs. Roma Potts, Birmingham, Ala. ## EPISCOPAL CHURCH

Elected New Wardens and Vestrymen at Annual Business Meeting.

TALK OF RECTOR DEALT MAINLY

With Growth and Advancement of Church Work and Interests.

Rev. Edw. H. Molony presided at the annual parish meeting of Christ Episcopal church, held last evening. A very fair attendance of members attended their interest in the work of the church and the various reports read gave a good idea of the healthy and active condition of the working bodies of the church. The ladies of the guilds have contributed quite a bit financially to the church, and the secretary and treasurer in their respective reports showed a healthy condition.

The number added to the church roll during the past year is 45 which the rector stated was a very encouraging condition in the growth of the church. He made a short talk to his congregation, praising their efforts toward advancing the interests of the church in every way. The repairs on the church, the erection of a parish house and other extensive improvements have been pushed along and are practically completed.

The election of officials for the coming year was one of the important features of the business meeting and resulted as follows: George E. Mahaffey, senior warden, Walter P. Bloom, junior warden, J. P. King, R. L. Bates, W. J. Booth, F. T. Hepburn and George Chisholm, vestrymen.

Thanks were extended the outgoing men for their services in the interest of their church.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by all druggists.

## OIL MARKET JOLTED

Trenton Rock and Other Eastern Oils Bumped Five Cents.

## OVER PRODUCTION AND DECREASED

Market Indicate No Improvement Before Next July or August.

Quotations posted at the local purchasing agency of the Standard Oil Company, this morning show a big drop in the market for crude oil in the Trenton rock and all other eastern districts.

The volume of production from the Illinois and mid-continent fields, together with the decreased home trade market, is not doubt the cause of the slump. Operators have been expecting the change since the first of the year, and do not anticipate a better market before July or August of this year when the home trade will revive. This is the first change in the market since February 26, 1908, when the market was advanced five cents.

Following are the new quotations:

Pennsylvania	\$1.73
Mercer Black	1.20
New Castle	1.17
Corning	1.09
Cabell	1.27
North Lima	.99
South Lima	.94
Indiana	.94
Somerset	.95
Hagland	.40

No change was made in the price for Illinois or mid-continent oils.

## JURY EMPANNELLED

In the Damage Case Against the Western Ohio Ry. Company.

## DECREE IN DIVORCE REFUSED PLAINTIFF

Commissioners Viewing the Proposed Site for New Hospital.

At the opening of common pleas Tuesday morning the case of Bluffton Telephone Company against the Western Ohio Railway Company was called for trial and by a lack a jury had been empaneled and the work of taking testimony began. The plaintiff is suing for damages sustained through the alleged negligence of the defendant. The trial probably will not be concluded before Wednesday evening.

Decree Refused. In the case of Mary Rockhill against her husband Robert N. in which she sought to secure a decree of divorce on the grounds of extreme cruelty and gross neglect of duty, the court refused her a decree and stated she would take the matter of the husband's cross-petition under consideration. He stated that after four years of married life, during which she had sat at the table of the defendant, he thought it a little late to bring an action upon the grounds of neglect in her petition. The cross-petition asks for a decree and absolute possession of the property.

View Site. The county commissioners went today with a committee of residents of Shawnee township to view the proposed site for the new tuberculosis hospital on the Berryman farm. The Shawnee residents have made a proposition to the board to give them 16 acres of the Berryman farm at the same figure paid for the McBeth farm property if the board will change the location of the hospital to the Berryman farm. With this proposition in hand the commissioners are making a thorough investigation of the advisability of making a change.

## A FIGHTING CHANCE AT TUESDAY, WEDNESDAY AND THURSDAY.

A subject which displays a man's prowess, the wife becoming ruler of the church and protecting her husband from harm at the hands of the church cowboys. An unpopularity of the church plies the old man with liquor, gains the father's consent to a marriage to his daughter, but when he starts to carry out the plans is thwarted by the girl's lover. This is different from the usual Western film and is worth the price of admission alone not to mention the two additional pictures which are presented.

## DEPLORABLE CASE

Disclosed by Officers Slechter and Reed.

About 9:30 o'clock Monday evening, while Officer Slechter and Reed were engaged in breaking up a gang of boys who were disturbing the peace of the city in the vicinity of the market house, they turned their flash lights into the tool house on the market house grounds and were astonished to find a colored lad of 18 years, and a white girl, 14 years of age, lying on top of a box together, wrapped up in a blanket.

The pair were taken to the police station where the lad registered as Ed Pickering and the girl Maggie McClain.

The girl was taken to the juvenile court on the charge of being delinquent and the case will be heard Wednesday morning. She is the daughter of Mrs. Edith McClain, of 419 south Main street.

Pending the hearing in juvenile court the lad will be held at police headquarters.

## HELD TO GRAND JURY

Clem Shaeffer Entered Plea of Guilty to Larceny Charge.

JOHN SMITH GETS TEN DAYS IN JAIL.

Four Drunks Were Fined in Mayor's Court Tuesday.

Clem Shaeffer was arraigned in Mayor's court Tuesday morning on the charge of larceny, to which he entered a plea of guilty. He was held to answer to the grand jury and bond fixed in the sum of \$300. Shaeffer was charged with stealing a gold watch valued at \$50 from Mrs. Melissa Alexander, at whose home he boarded, at 421 south Union street. He told the officers where to find the watch when arrested, and it developed that he had sold the same to a water well contractor at the Crystal Ice and Coal company plant, for \$25.00.

Ten Days. John Smith, who was arrested Monday afternoon upon complaint of Joseph Kaska, of 1036 south Tanner avenue, entered a plea of guilty to the charge of disorderly conduct and was fined \$10 and costs and sentenced to serve ten days in the city prison. Revolver shots attracted the attention of the police to the above number about 10:30 o'clock Sunday night, and the complaining witness claimed that the defendant had threatened to shoot his wife if she failed to give him \$3, which resulted in a fight. Smith made his escape Sunday, but was found at the steel plant Monday.

Four Drunks. Four drunks were arraigned Tuesday morning, and fined as follows: D. W. Wales, \$5 and costs; W. Jackson, \$10 and costs; Ben Althoff, \$5 and costs, and Pat Connard, \$1 and costs.

## WORTH GIVING SOME THOUGHT

Revision of Constitution  
Comes Before Voters  
Next Year.

OLD DOCUMENT  
HAS STOOD LONG

And Has Given Satisfaction.

Change Means Much  
Turmoil.

(By Owell C. Riddle.)  
Columbus, O., May 4.—Next year the voters of Ohio will decide whether or not another constitutional convention shall be called to revise, alter or amend the state constitution.

This is a very serious proposition, and should be well considered by every voter before he decides how he will vote. The possibilities are so great and consequences so far reaching that it would be an easy matter to involve the state in endless turmoil and accomplish no good result.

The present constitution was adopted in 1851 by a constitutional convention that had been in continuous session for ten months. The debate at times was spirited, even acrimonious, and some of the delegates openly declared that they would oppose the ratification of the constitution at the polls. It was ratified, however, and has had but few changes in all the 53 years of its existence as the organic law of the state.

Another constitutional convention was authorized by vote of the people in 1871. The convention was in session continuously one whole year, but the new constitution drafted by it was rejected by the people at the polls.

Among the more important amendments to the present constitution ratified by the people were, creating the circuit court, in 1883; changing time of state elections from October to November, 1885; and the amendments voted in under the Longworth act of 1901, exempting state and local bonds from taxation, abolishing double liability of stockholders in corporations, giving the governor veto power, and changing time of electing various state and county officials to separate municipal from other elections.

Numerous proposed amendments relating to taxation have been voted down by the people. Even as late as the election last fall two proposed taxation amendments were defeated at the polls, as was also a proposed amendment changing the time for regular sessions of the legislature from even to odd numbered years, so that such sessions will be held the first year after election.

The defeat of this last mentioned amendment will make it necessary to call special sessions to make appropriations, if for no other purpose, the year following state elections; and regular sessions the year after will give us annual sessions until the constitution can be changed as proposed in the amendment defeated last fall.

It might be well to note that the only part of the constitution in which material change is desired by those who are back of the movement to call another constitutional convention is that which relates to taxation.

All the rest of the present document appears to be entirely satisfactory, except the needed change in the time of holding regular sessions of the legislature, which can easily be remedied. At any rate, no general complaint about any other part of the

present constitution has been heard. But once another convention were called there is no telling where it would begin or where it would stop. Nor can there be any assurance that the instrument shaped by another convention would prove any more satisfactory to the people than the revised constitution submitted in 1873 and rejected at the polls.

A strange paradox in the case is that those who are urging the calling of another constitutional convention have also been the most active and most uncompromising opponents of the initiative and referendum. And yet they cannot get a constitutional convention called without a vote of the people, and a new constitution cannot be put into effect without a vote of the people.

There are two referendums required to revise the constitution in the way desired by those who want to amend the sections relating to taxation and vote at the same time oppose giving the people a chance to vote on the referendum to add the initiative and referendum to the organic law of the state.

It has been intimated that if another constitutional convention is once authorized, an effort will be made to have the instrument drafted by it go into effect without a referendum vote of the people. The adoption of the first constitution in 1802 would be cited as precedent for such action.

But times have greatly changed since 1802, when most of Ohio was still a wilderness. That was the initial constitution on which Ohio was admitted to statehood, and it had to be acceptable to the federal government, so there was not the same need for a referendum as when a demand arose half a century later for a revision of the original document, and again in 1873 when there was a demand for another revision.

These two intervening precedents cannot well be passed over to go back to 1802 for authority to put a new constitution into effect without a vote of the people. It is reasonably safe to predict that if such an idea gets abroad among the people they will vote down the proposition next year to call another constitutional convention so overwhelmingly that the present generation will never hear another such proposition.

Special stress is put on the fact that Mooney bill to submit the question of calling another constitutional convention at the election next year, passed the legislature without opposition. There is, however, no special significance in that fact.

The character of the bill is in full accord with the principle of initiative and referendum on state affairs. Although, in this case, the initiative was lodged in the legislature, the referendum goes to the people.

It is not disputed that the people have a right to decide whether they want another constitutional convention called. If they favor the proposition they will vote yes; if not they will vote it down.

At least six years will be required to obtain results from whatever changes may be made in the state's tax system by a new constitution.

What is to be done meanwhile, with the state's revenues decreasing and expenses a million in excess of the income after being pared to the bone?

That is the question put squarely to the legislature by Gov. Harmon, and which the legislature dodged entirely at the recent special session.

Governor Harmon urged immediate action to strengthen the state's resources. He asked that all the present ex-officio tax boards be consolidated into one board for the better enforcement of present tax laws, and stated in interviews that such a plan would increase the state's revenues at least \$1,500,000 a year.

The legislature refused to act on the governor's advice, and in his final message Governor Harmon placed the responsibility where it properly belongs.

## Booma Curator's Report

Attorney as Motion, Ill. Contrived by  
Old of Wintergreen Company.

There is nothing that will convince a lawyer except evidence. Now, here is some rather startling evidence of a simple home cure for eczema which cost one lawyer, F. C. Entenrich, attorney at law, Ill. He tells how all of Wintergreen compound mixed with thymol and glycerine, as in D. D. Prescription, cured him in thirty days after 33 years of suffering.

"For 32 years," writes Attorney Entenrich, "I was troubled with eczema, scabs all over my face, body and head. I could run a hair brush over my body and the sores would be covered with scales enough to fill a basket. I tried everything—salves, internal medicine, X-ray—all without result."

"Just a month ago I was induced to try D. D. Prescription. The itch was relieved instantly, so I continued. It is just a month now and I am completely cured. I have not a particle of itch and the scales have dropped off."

"I can only say again CURE DISEASED. I am now starting all eczema sufferers on the right track. Cure after cure has been brought to your attention and always that instant relief from the awful itch. For sale at Hunter Bros. Drug Store, Public Square."

## STILL LIVING.

### Italian Woman Still Survives at Hospital.

Mrs. Basilio Stello, who was so severely burned yesterday afternoon in a gasolene explosion at her home, and who with her baby was taken to the City hospital, where both were treated, is still living. The report of the physicians is that she is even doing better than they expected to find her, but her condition is a very critical one, and it is hardly possible that she can survive the dreadful shock in addition to the burns that cover her entire body.

The little child, while burned, was not seriously injured, and is in splendid condition today.

The fact that cool-headed persons were nearby to lend the crazed woman an assistance may lead to her recovery after all, as their promptness in smothering the blaze undoubtedly saved her life for the time being.

## REPRESENTATIVE

### Here Working on Plans for Postoffice Addition.

A. M. Burt, representative from the government's supervising architect's office, is in the city making plans for the contemplated addition to the federal building. Nothing definite has yet been decided, as to whether the addition will be side or back, but Mr. Burt states that the appearance of the building will be radically changed and improved by the time the work is done.

It is probable that the active operations will not be begun until next autumn, but now that it is actually started things will be kept moving until it is completed.

## CAESAR'S WIDOW PUTS OFF WEED.

New Rochelle, N. Y., May 4.—Mrs. Margaret T. Young, widow of Caesar Young, bookmaker, and race horse owner, who was found shot to death in a carriage in New York City three years ago, and for whose alleged murder Nan Patterson, a chorus girl, was tried for murder, was married at 7 o'clock last night to George W. Langdon, of Sheephead Bay. The ceremony was performed in the rectory of St. Gabriel's Church by Rev. John A. Keltner. Mrs. Cassidy, the famous starter, was best man, and Mrs. Collier, sister of Mrs. Young, was maid of honor. Immediately after the ceremony Mr. and Mrs. Langdon left for Boston on their wedding tour.

Since the death of Caesar Young his widow has been living here. She selected Langdon, after the death of Young, to look after her racing stable and other interests.

**It is Positively Guaranteed to Restore Faded and Gray Hair to Natural Color**

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR RESTORER a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

## PROFIT BY OTHERS' EXPERIENCE

**Gray Hair Restored**  
My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell up my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

**Grew Hair on a Bald Head**  
For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

## TEETER-TOTTER.

What a solid, across a fence—  
Lies aching in suspense—  
The son, you're the daughter.  
In the sun-blow, laugh and loiter

Now the short end in the air,  
A little heel, jolting there;  
High and dry to smoke awhile,  
Innocent of the coming trial

Now the long end yields a bit,  
On a level, each do sit;  
And down, this teeter-totter,  
Begin again for bread and water.

Teeter-totter, bread and water,

Chicago, May 4.—"The Advance

dress of Prof. William I. Hull, of  
Swarthmore College, Pennsylvania,  
at today's session of the second Na-

said that the Hague conferences are  
to international law what the indus-

American republic was to human gov-

common with our own country," has  
made use of many instrumentalities  
in its great ascent towards interna-  
tional peace and justice; but the  
greatest of them all, I believe to have  
been the two conferences at The  
Hague. For these conferences, like  
the great heroes or institutions of  
history, embodied in themselves nearly  
all the instrumentalities, which  
have been achieving for the world its  
renowned victories of peace."

Prof. Hull gave a summary of the  
work of the Hague conferences, and  
continued:

"The institution established by the  
conferences at The Hague, which  
stands out pre-eminent in the mind of  
the nations, is the Permanent Court  
of Arbitration. This pre-eminent  
institution is not truly permanent nor  
is it a genuine court, yet it is the pioneer  
of its race and has already proved  
itself of incalculable utility, having  
settled four important international  
disputes and attracted six others  
into the path towards peaceful solu-  
tion. A national observance of inter-  
national law and obedience to inter-  
national justice cannot fail greatly to  
strengthen individual observance of  
and obedience to national law and  
justice. The advances registered  
then, by the Permanent Court of  
Arbitration and the admirable code  
of procedure adopted for it, is of pro-  
found significance upon both the na-  
tional and the international scale.

"The Court of Arbitration, al-  
though not set in operation by the  
second conference, constitutes the in-  
ternational promised land of the  
world today. Not only will the idea  
of such a court henceforth stand be-  
hind the wrong warfare, but it will  
inevitably rule the future.

Two great Americans, Elihu Root  
and Joseph H. Choate, were the Moses  
and Aaron who led the second con-  
ference into the path towards this  
promised land; the conference as the  
result of infinite toil has led the  
world across the desert to the Jordan,  
and now it is the growing hope of the  
civilized world that Philander Chase  
Knox will be the Joshua who will  
take it across that one last river—the  
difficult, namely, as to the ap-  
pointment of the judges.

"Looking back upon this brief sum-  
mary of the work of the two Hague  
conferences, we must admit that the  
past at least is secure. The allevia-  
tion and prevention of many of war-  
fare's former horrors, its restriction  
within narrow limits, the protection  
of non-combatants and neutrals from  
its ravages, the assertion of principles  
and the establishment of practices for  
its prevention and for the enforce-  
ment of justice, such were the great  
achievements of these two epoch-  
making events in the world's history.  
There they stand in all their  
undying lustre, so that he who runs  
may see that they have afforded to  
the peace-workers of our time a new  
and positive program, on which every  
true believer in international  
peace of no matter what complexion  
his belief may be, can find room and  
opportunity for labor, and whose re-  
alization will not only make present  
armaments as obsolete as would a  
fleet of airships, but will at last usher  
in a reign of law and justice within  
that No Man's Land of international  
relations."

**Chamberlain's Lintment.**  
This is a new preparation and a  
good one. It is especially valuable  
as a cure for chronic and muscular  
rheumatism, and for the relief from  
pain which it affords in acute in-  
flammatory rheumatism. Those who  
have used it have invariably spoken  
of it in the highest terms of praise.  
Lame back, lame shoulder and stiff  
neck are due to rheumatism of the  
muscles, usually brought on by ex-  
posure to cold or damp, and are  
quickly cured by applying this lin-  
iment freely and massaging the af-  
fected parts. Soreness of the mus-  
cles, whether induced by violent exer-  
cise or injury, is allaying by this  
liniment. For sale by all druggists.

# VAN WERT CITIZEN

**Reported Dead at St. Louis  
as Result of Suicide  
Compact.**

**BROTHER OF  
DAVID TOLAN**

**Left His Home About Three  
Weeks Ago, With  
Amount of Cash.**

Police authorities at Van Wert  
received a message this morning  
from the authorities at St. Louis,  
saying that a man, registered at a  
hotel as George Totten, Van Wert,  
Ohio, had committed suicide there,  
and that they had placed the body  
in a morgue, pending identification  
and word from Ohio.

Three weeks ago George Tolan, a  
brother of ex-County Clerk David  
Tolan, of this city and uncle of Claire  
Tolan and R. B. Tolan, left Van  
Wert, where he had made his home  
with a sister, announcing his inten-  
tion of visiting another brother, Wm.  
Tolan, at Wanda, Texas. He tele-  
graphed his safe arrival at St. Louis,  
and since that time nothing what-  
ever has been heard from him, either  
at Van Wert or at his intended  
destination in Texas. When Mr. Tol-  
an left home he had on his person  
\$300 in money and a certificate of  
deposit for \$500 more. The first  
linking the Van Wert relatives had  
found, made it almost a certainty  
that the expected visitor had not arrived  
or sent any word to the contrary.  
Just about this time the certificate  
of deposit, which was on the First  
National Bank of Van Wert, was re-  
turned, endorsed by the names of a  
Louisville, Ky., brewer, and a St.  
Louis saloon keeper.

A telegram was sent to St. Louis,  
and the similarity of the names to-  
gether with the disappearance of Tol-  
an just at the time the suicide was  
found, made it almost a certainty  
that the name on the hotel register  
was not George Totten but George  
Tolan, as Tolan's autograph was  
with difficulty distinguished from  
George Totten.

The cause of the tragedy was at  
first not known, but it is said that  
twenty years ago George Tolan and a  
friend signed a suicide pact and that  
the friend had carried out the pact  
some time ago, leaving Tolan to fol-  
low.

George Tolan was a sign painter  
and stone cutter by occupation and  
was usually industrious, frugal and  
quiet citizen. His relatives in this  
city knew nothing whatever of the  
suicide or in fact anything concern-  
ing his contemplated trip south. Ad-  
ditional facts in regard to the mat-  
ter will be learned if possible to  
make the identity of the man a cer-  
tainty or the opinion of the authori-  
ties of both Van Wert and St.  
Louis as incorrect.

Local relatives say George Tolan  
never gave the slightest indication  
of a suicidal mania, and they ex-  
press the belief, if it is his body,  
that lies in the St. Louis morgue,  
that he has been murdered. This  
opinion has some foundation in the  
turning up of the \$500 certificate de-  
posit within a few days after Tolan's  
departure for Texas, and when he  
gave his relatives to understand that  
he would take it to Texas with him.

Tolan, who had been a tippler  
until three years ago, but the recent  
marriage of a niece of his to a suit-  
able girl, he did not like had aroused the  
old demon in him for awhile.

# JOINT AFFAIRS

**IN WHICH THE WOMEN  
AND MEN TOOK  
PART.**

**Both Equally Eager Partici-  
pants in Peace  
Congress.**

**FIVE DANGEROUS  
FALLACIES TOLD**

**Of by Boston Woman Who  
Sees Rival Navies  
and Armies**

**Doomed During This Cen-  
tury and Universal  
Happy Peace.**

Chicago, May 4.—Discussion of the  
commercial and industrial aspects of  
universal and permanent peace was  
the feature of today's session of the  
second national peace congress in  
this city. Special sessions were set  
apart for consideration of woman's  
work in the interest of peace and for  
the part which universities and col-  
leges have played in the great prob-  
lem.

The woman's session was held un-  
der the auspices of the Chicago Wo-  
man's club. Mrs. Ellen M. Hennrich,  
of this city, presided. Mrs. Lucia  
Ames Mead of Boston, spoke on "Five  
Dangerous Fallacies."

She said in part:  
"The world surely will see dur-  
ing this century an international  
peace, and rival navies and armies  
are doomed. These monstrous an-  
achronisms of civilization must be  
turned into beneficent messengers of  
commerce.

Human nature is changing, but  
whether it change or not, the busi-  
ness of the world will not much long-  
er tolerate two nations making a cock  
pit of the people's highways and drag-  
ging neutral nations into commercial  
loss. A comparatively few influen-  
tial persons in a few influential coun-  
tries can and will end international  
war. It is chieftly a question of  
statesmanship."

In explaining the attitude of busi-  
ness men on this subject Marcus M.  
Marks, president of the National As-  
sociation of Clothiers of New York,  
said:

"The merchants of the world have  
done much indirectly to bring about  
the improved relations between the  
various nations. Let them now help  
finance the peace movements and add  
unselfish practical co-operation in a  
great cause. The terrible power of  
destruction now possible through  
modern war agencies and the still un-  
developed air warfare, force upon all  
men the absurdity of settling inter-  
national difficulties by mutual anni-  
hilation.

"The idealists may at last be joined  
by hard headed men of affairs  
whose daily cry is for results. Busi-  
ness men all want peace."

Louis P. Lochner, of Madison, Wis.,  
was the principal speaker at the col-  
lege session. He said in part:

"The complexion of the American  
student body is assuming an entirely  
new character. At the university of  
Wisconsin the number of foreign stu-  
dents has risen from 7 in 1899 to 96  
in 1908. I believe that we shall find  
a partial solution of this problem in  
the Association of Cosmopolitan  
clubs.

"This association is composed of  
international student organizations at  
nineteen leading universities. We  
are affiliated with the Corda Fra-  
tres of Europe. We have 'National  
Rights,' when students from different  
nations describe the history and in-  
stitutions of their fatherlands. The  
day is not far distant when we shall  
have branch societies in every civil-  
ized country in the world, when a stu-  
dent can travel to what large univer-  
sity he will and be sure of meet-  
ing sympathetic friends and of find-  
ing men filled with similar high  
ideals of the brotherhood of man."

Other speakers were Professor Wil-  
liam I. Hull, of Swarthmore college,  
Pennsylvania and James Brown  
Scott, solicitor of the state depart-  
ment, Washington, D. C.

Rev. I. W. Williamson's letter.

tify that I used Foley's Kidney Remedy

ney trouble and am free to say that  
it will do all that you claim for it."

Council convened Monday evening in regular session with all members present. The minutes of the last meeting were read and approved. A communication was received from D. C. Henderson, as attorney for Miss Sutherland, stating that a sidewalk had been constructed by the city in front of lot 3546 on Cleveland street and notice given that same \$54 assessment were given, the same would be assessed against the property. Mr. Henderson stated that no notice had ever been served upon the owner and the assessment would be contested. The same was referred to the paving committee and solicitor. M. C. Toivv filed a protest against paving assessment for Collett street on his lot at the corner of High street. Referred to the paving committee and solicitor. Property owners on Harrison avenue petitioned the council for the construction of a trunk sewer on said street from the end of the paving to the Taffinger sewer. The same was referred to the sewer committee.

### NEW PLANT FOR LIMA

Need of Which Has Long Been Felt by Hundreds of People.

### A DRY CLEANING AND DYE WORKS

Under the Able Supervision of an Expert, Mr. Louis Roschman.

An industry, that Lima has always needed, is about to be installed in this city, namely an up-to-date dry cleaning and dyeing establishment. Mr. Louis Roschman, proprietor of the New York Dry Works at 110 north Elizabeth street, has been actively engaged in the dry cleaning and dyeing business of Lima for the past seven years. From a small establishment, he has now looked after his patrons' work until the rapidly growing business demanded more room for his establishment. His new dry cleaning and dyeing establishment will be located at 414 south McDonel street and all the latest improved dry cleaning and dyeing machinery, will be installed, making it as complete as any located in the largest cities. Mr. Roschman has engaged an experienced dry cleaner and dyer to take active charge of his factory, while he will take care of his office, at 110 north Elizabeth street. When this plant is in operation, it will not be necessary for our citizens to send their work out of Lima, as Mr. Roschman guarantees his work equal to that turned out by the larger cities. The new industry will be ready for business by May 10th for the handling of ladies' and gentlemen's fine garments in a satisfactory manner. French dry cleaning and fancy wet cleaning of elaborate gowns, furs, parols, fans, plumes, gloves, etc., will be some of their specialties, at reasonable prices. All orders will be called for and delivered promptly. Their telephone numbers are, Bell 835, New 1672M. The factory will be located at 414 south McDonel street and the office at 110 north Elizabeth street.

Whooping Cough. This is a more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKee, of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by all druggists.

### MAY DAY PARTY

Enjoyed by Members of M. M. Club.

One of the most enjoyable events of last week was when the M. M. club was entertained by their president, Miss Edna Pearson, Saturday evening at her home at 740 south Broadway. The evening was spent in music and many jolly games. Miss Lottie Kepner and Messrs. Clarence English and Clarence Gardner were winners of prizes in the games. The feature for the jolly crowd was a prophecy for 1912 read by the hostess. At a late hour all repaired to the dining room where a delicious lunch was served. A May pole was in the room around which Japanese lanterns hung. Pink and green, the colors of the club, formed the color scheme throughout the room. Small photographs of the hostess were the pretty souvenirs for the evening. Those that enjoyed the pleasant evening were Misses Beatrice Hopkins, Alice Bresson, Bertha Fletcher, Nell Pearson, Mary Lyle, Alta Nelwander, Ethel Bresson, Edna Pearson, Alice Bacome, Ada Ransbottom, Lottie Kepner and Messrs. Harry Fisher, Clarence English, Harry Boyd, Harry Hackenberger, Richard Allen, Wayne Johnson, Robert Weaver, Jesse Thomas, Clarence Gardner, Raymond Robertson, Harry Duff and Dayton Capp.

## THE DRY GOODS, DRESS GOODS AND SUIT HOUSE.

Tuesday, May 4, 1909. Weather—Cloudy. 623-625 E. Main Street.

### Final Clearance Prices on Women's Tailored Cloth Suits

125 Suits are here, and are now marked down to close them out at once.

These 125 Women's Tailored Cloth Suits have been put into four lots and we wish to close them out while—according to weather predictions—we still have a month or more of regular suit weather before us. To give you the best advantages of our final clearance sale as well as to clean them up quickly, we have lowered the price very materially, many of them going at little more than half regular price.

Every Suit offered in this sale is strictly high class in style and workmanship—all sizes and nearly all colors are here from which to select. At the following prices they will no doubt be picked up quickly. Therefore we urge all interested in a new suit to be here the first day of this sale. Sale begins Wednesday morning.

### 18 Suits at \$9.85 each.

Lot I—Contains just 18 Women's and Misses' Cloth Suits in strictly tailored styles, made up of fine serges and worsteds in mostly blues and blacks—a few fancies in the lot. Jackets come silk lined, and skirts in full gored models, worth regularly up to \$20 each, final clean-up price, \$9.85 each.

### 40 Suits at \$14.75 each.

Lot II—Contains 40 Women's Tailored Suits, good style models, all finely tailored, of best all wool materials in plain black, blue, brown, old rose, black and white check, and plain and fancy gray stripe, in all sizes, worth regularly up to \$30 each, final clean-up price, \$14.75 each.

### Lot III—\$24.75 each.

Lot III—Contains about 40 suits, some of our best tailored styles shown this season, some fancy trimmed, some 3-piece Suits, and some 2-piece plain tailored styles. The jackets come lined with taffeta, messaline or fancy striped silk in colors to match suits. All the high shades are present such as salmon, mahogany, old rose, stone green, wistaria, sky, light gray, white with black stripes, etc., in all sizes, worth up to \$45, final clean-up price, \$24.75 each.

### Lot IV—\$29.75 each.

Lot IV—Contains over 20 Women's Cloth Suits, all strictly high grade models and some of our best numbers shown this season. They come in plain serges and fancy stripe serges—some Rajah suits in the lot—all high shades and all good sizes, worth regularly up to \$50 each, our final clean-up price, \$29.75 each.

Both Lot III and IV contain some very dressy Suits, in styles which will no doubt be very good for next season, and at these prices they will be very timely savings to you.

A slight charge for Alterations on all Suits at above prices.

### A Sale of Silk and Cotton Wash Fabrics in Short Lengths, at Remnant Prices.

In the Wash Goods Department you will find one table of Silk and Cotton Wash Fabrics, such as Shantung, Shangtis, Rajahs, Silk Tissues, Seru Silks, etc.—broken lines and short lengths suitable for suits, waists, fancy scarfs, and children's dresses. They come in a wide range of new shades and weaves including self-color woven dots and figures, printed foulard styles and plain weaves.
